THE ASK

\$500K

SEED ROUND
SAFE

\$7M post-money cap.

The formation business funds itself.
We are not raising to survive.
We are raising to move faster.

MARKET OPPORTUNITY

US LLCs	NON-RESIDENT	ANNUAL VALUE
5.2M New US LLCs per year. US Census, per Neubase.	260–520K 5–10% estimated non-resident-owned per year. No official breakdown exists.	\$300–700M Estimated new-cohort market per year, at ~\$1,092 per client per year.

THE PROBLEM

Vendors that do not talk.

Formation, tax, registered agent, lawyers — and nobody accountable for the whole.

A dashboard where you need a person.

Platforms like doola are automation-first.

Legal work stays outside.

Non-lawyer ownership of law firms is restricted in most states.

THE SOLUTION

Live today.

Formation, registered agent and EIN, compliance and bookkeeping — human-supported throughout.

By end of 2026.

Mercury banking, proprietary bookkeeping platform and Form 5472 filing automation.

With this raise.

EU entity formation, cap table, transfer pricing, and legal services through an MSO (in setup), then Arizona ABS.

BUSINESS MODEL

Subscription model

100% subscription revenue. Exclusively non-resident, human-first and lawyer-led. ~\$1,092 per client per year.

Petar Todorovski
